### WE LOSE ANOTHER.

Central Unions Defeat Perrysburg  
By Score of 5 to 1.

The Central Unions defeated the home team Sunday afternoon by a score of 5 to 1. Higgins and Murphy, the new battery, made their initial appearance with the home team and the fact that the game was lost is no fault of theirs. But three hits were made off Higgins delivery and he struck out eleven men. It was a timely hit from his bat that scored Murphy with Perrysburg's lonely tally.

It was another case of errors on the infeld that lost this game and goes to show that the boys should get more practice. Where one game is played a week they can't be expected to get out and play the game where they do not have the ball in their hands from one week's end to the other.

The following figures will show  
(Continued on Eighth Page.)

Itch! Itch! Itch! Scratch! Scratch! Scratch! The more you scratch the worse the itch. Try Doan's Ointment. It cures piles, eczema, any skin itching. All druggists sell it.

**IT'S A PLEASURE  
DRESSING BEDS WITH  
THE STEARNS & FOSTER

### PERSONAL PROPERTY

Itemized List as Compiled in the Auditor's Office.

County Auditor Toan has finished the tax duplicate reports and has the totals all made out. The total tax valuation of Wood county personal property amounts to \$11,072,950.  
Horses—11,701, value, \$763,710.  
Cattle—17,681, value \$343,578.  
Mules—141, value, \$9,455.  
Sheep—14,563, value, \$43,367.  
Hogs—26,770, value, \$86,365.  
Carriages (including automobiles)—796, value, \$68,090.  
All other personal property—\$654,728.

Watches—259, value, \$3,180.  
Pianos and organs—1,435, value, \$106,297.  
Merchandise—Value \$352,330.  
Manufactured Stock—\$534,195.  
Value of money on deposit—\$688,040.

Value of credits—\$343,675.  
Money in stocks and bonds—\$26,890.

Non-taxable securities—\$16,000.  
Forty-two dogs—\$1310.

Incorporated companies and banks—\$7,031,540.

There are 3,323 male dogs which are taxed at \$1 each and 155 female dogs taxed at \$2 each. There are also \$24,200 worth of bonds exempt from taxation.

#### Women Who Are Envid.

Those attractive women who are lovely in face, form and temper are the envy of many, who might be like them. A weak, sickly woman will be nervous and irritable. Constipation or kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. For all such, Electric Bitters work wonders. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion. Many charming women owe their health and beauty to them. 50c at C. P. Champney's.

PERRYSBURG, OHIO.

### Money to Loan FOR TEN YEARS

Privilege to pay at any time and stop interest. Lowest rate of interest. No commission.

**F. M. G. SIBERT, Weston, O.**

### COURT HOUSE NEWS

General Activity in Various Departments of Court House.

William Friess, aged 55, was brought to the county jail, being bound over to the grand jury by Justice Robson on the charge of picking up and keeping a purse in Stephen's blacksmith shop. The purse contained between \$54 and \$60, it is alleged. None of it has been recovered.

The jury in the case of David S. Loe vs. Samuel White Friday, rendered the heavy verdict of one cent damages to the plaintiff. He also was awarded hay, corn and clover seed which he claimed was being unjustly held from him by Mr. White, who was on his farm in Henry township. The value of the produce was \$674.50. The verdict was rendered by agreement of the parties and the one cent damages carries with it the assessment of the costs in the case.

Silas G. Richardson has brought suit against Wm. Hendricks in attachment. He states that the defendant agreed to allow him a commission of \$100 for finding a purchaser for his farm but that when he did so, the defendant refused to sell and would not pay him for his trouble.

Sheriff Roach had a cold, wet, muddy ride from Maumee to Holland this morning, where he arrested John Stoop, a worker in a quarry, who is charged with non-support of his minor child. His wife lives at North Baltimore. He reserved pleading until Saturday. In the meantime he is in jail.

Abe Low, the farmer, of near Jerry City, had his hearing Friday before Judge Nearing on the charge of having furnished liquor May 30th to George F. Adams. The testimony of Mr. Lowe and Mr. Adams developed the statement that the bottle of liquor purchased was common property, the two men having "chipped in" for its purchase. Mr. Lowe was therefore discharged.

After much effort a jury was secured by the attorneys in the case of Elizabeth Martin, administratrix, vs. the T. & O. Ry. Co. and the jury were sworn in at 2:10 Monday afternoon. This is a suit for damages because of a death by railway accident.

Peter Huber has brought suit against The Home Insurance Co. of New York for \$1300. He states that the policy which insured his house in Portage township, was destroyed by fire at the same time as the house itself, July 10th, 1908, but that the company refuses to pay the claim.

Isaac E. Ward has brought suit and taken judgment on a cognovit note for \$1000 given in August, 1906, to First National Bank and signed by Lewis A. Ward as principal and the plaintiff as surety, the latter paying the note two years later. The amount of the judgment is \$1228 with interest.

Frank White, administrator of the estate of Henry R. White, deceased, has brought suit against John White et. al. for the purpose of construing the will. He states that agreement can be reached save for the claim of Rose White, wife of the son, Henry, deceased.

Marion R. Hay in a suit for \$1085.14 against Charles F. Dickinson, puts forth a long list of payments made by him for the defendant for necessities of life, taxes on land and money loaned.

The Farmers' Saving Bank Co. of Haskins, vs. Chas. E. Woodford et. al. for foreclosure, sale confirmed and deed ordered; costs and taxes ordered paid; balance to be held for further order.

(Continued on Fifth Page.)

#### Sore Nipples.

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results. For sale by C. P. Champney, Perrysburg.

### BEAUTIFUL PERRYSBURG

An Ideal Place for Summer Homes for City Folks.

W. H. Hartford, who lately purchased the Shoe property on the McCutchenville road and became a Perrysburg resident came in one day last week and added his name to the growing list of Journal subscribers.

Mr. Hartford for years acted as chief engineer at the Toledo water works and when he decided to retire began to search for an ideal spot to locate where he might enjoy a well earned rest. None suited him as well as our own beautiful little village and he decided to cast his lot with us.

Mr. Hartford is very enthusiastic over the natural attractions embodied in our little town and says there are many Toledo people who are looking for such a location within easy reach of their business. The scenery along the Maumee is among the most beautiful in the world and we doubt if it is excelled even by the much heralded banks of the Hudson. The electric road brings in close touch with the city which enables one to attend to duties in town and spend his nights and Sunday with his family when located here during the summer months away from the heat and noise of a busy city.

Even the beautiful summer resorts of northern Michigan which lure thousands every year have nothing on our little town to offer in the way of inducements for desirable summer homes and no where has nature done more for the natural environments and surroundings than for our own little town of Perrysburg.

Mr. Hartford said during his conversation that it was inexplicable to him why the people here did not make more of their town and let others know what a beautiful place it is. A little push and enterprise coupled with some judicious advertising he insisted would bring many home seekers here and create a demand for property that would greatly increase the value.

There is lots of sound logic and truth in this statement of Mr. Hartford and we would like to see a few more like him settle here and get this sentiment stirred up among those who have lived here all their lives and consequently do not appreciate their happy surroundings. Think it over and then act.

Mothers—Have you tried Hollister's Rocky Mountain Tea? It's a great blessing to the little ones, keeps away summer troubles. Makes them sleep and grow. 35 cents, Tea or Tablets. C. P. Champney, Druggist, Perrysburg.

### COUNCIL PROCEEDINGS

June 3, '09.

Council met in called session.

The mayor stated that the object of the meeting was the employment of an engineer for the three sewers in Sewer Dist. No. 1.

It was moved and seconded that John Gallier be employed as engineer. Motion carried.

Mayor Klingler reported the collection of \$1.00 for license.

It was moved and seconded that Mr. Uthoff be empowered to cut grass in stand pipe lot and have the grass for the cutting of the same, and that the village purchase cement curbing for all intersections of Louisiana Ave. from 4th to 6th street. Motion carried.

#### A Thrilling Rescue.

How Bert R. Lean of Cheney, Wash. was saved from a frightful death is a story to thrill the world. "A hard cold," he writes, "brought on a desperate lung trouble that baffled an expert doctor here. Then I paid \$10 to \$15 a visit to a lung specialist in Spokane, who did not help me. Then I went to California, but without benefit. At last I used Dr. King's New Discovery, which completely cured me and now I am as well as ever." For Lung Trouble, Bronchitis, Coughs and Colds, Asthma, Croup, Whooping Cough it's supreme. 50c and \$1.00. Trial bottle free. Guaranteed by C. P. Champney, druggist.

### FOLLOWED NAPOLEON

Custar Physician Had Grandfather Who Was at Moscow.

Dr. H. H. Manhardt, of Custar, Wood county, the newly appointed member of the board of trustees of the State School for Deaf and Dumb, and George S. Long, secretary to Governor Harmon, met for the first time Wednesday morning when all of the trustees called at the governor's office, before going to the school for their regular monthly meeting, writes the Columbus Press Post.

It was discovered that an unusual bond of friendship existed between Dr. Manhardt and Secretary Long. Each is the grandson of a soldier who fought under Napoleon at Moscow, and the grandfathers both came from the same German province. A peculiar feature of their talk was that while the grandfather of each was bitterly opposed to joining the French army and went only because compelled to do so, both became ardent admirers of Napoleon and afterwards followed his standard.

#### FOURTH OF JULY WARNING.

That season of the year is now approaching when fond parents almost regret that our forefathers adopted the Declaration of Independence. Despite the fearful toll of life and property which annually taken, doubtless the youth of the land will celebrate the glorious Fourth as usual.

The average number of fires in Ohio annually, resulting directly from the use of fireworks is about thirty-five and the average loss from fires from all causes is about \$15,000.

Annually the mayors of our cities make proclamation concerning the use of cannon crackers and other dangerous noise and fire producers upon the Fourth. But it would be impossible for any police force to enforce the provision of an ordinance.

It is suggested that the place to begin is with the sellers. Ordinances which shall regulate or prohibit the sale of the more dangerous varieties of fireworks can be enforced much more easily than can those seeking to regulate or prohibit their use after they are once sold.

But this drastic legislation would not be required if the municipal authorities would pass proper regulatory measures. And then enforcement of these measures can easily be had if the parents of the land will appreciate the danger and act accordingly in making their purchases.

Parents are urged to back up to the fullest extent possible all efforts of our authorities to lessen these dangers to life and property. And especially are they urged to use the utmost care in their purchases and later in the use of these joys of the youthful heart.

J. W. ZUBER,  
State Fire Marshal.

### PENSION SUGGESTIONS TO SOLDIERS.

The following from the National Tribune will be of interest to all old soldiers who would save their wives trouble and embarrassment in securing a pension:

It would greatly help a widow if the soldier prepared before his death all particulars required by the widow in securing her pension. Such affidavit should state his name, date and place of birth; her maiden name, date and place of birth; date and place of marriage; name of person who married them; whether clergyman, of what church—or if judicial office, his office, etc.; names of two or more who were present; their present postoffice address, if known; whether he or she was married to any other person, if so, when or where previous husband or wife died and where record of death can be found, or if divorced; when and where records of proceedings and decree can be found; state when and in what company or regiment or on what, if in the navy, he served.

#### Could Not Be Better.

No one has ever made a salve, ointment, lotion or balm to compare with Chamberlain's Arnica Salve. Its one perfect healer of Cuts, Corns, Burns, Bruises, Sores, Scalds, Boils, Ulcers, Eczema, Salt Rheum, For Sore Eyes, Cold Sores, Chapped Hands its supreme. Infallible for Piles. Only 25c, at C. P. Champney's.

### STRUCK BY TRAIN

Automobile Demolished and Four Passengers Seriously Injured.

With the tonneau of a burning automobile pinioning her head to the bottom of a ditch, Mrs. Levi Tyson and her two daughters, imprisoned with her, were in a terrible predicament until rescued by the trainmen of the Big Four northbound freight which struck them Monday night at ten o'clock at the crossing of the Fremont Pike and the Hocking Valley Ry., half a mile south of Bradner, says the Sentinel.

The big car was being driven by Mr. Tyson of Helena, Sandusky county, who just purchased it last Thursday. With him in front was E. D. Hand, of Ann Arbor, Mich., the well known auto demonstrator, who has made Bowling Green his headquarters for the past year.

In the back seat were Mr. Tyson's wife and two daughters, Mabel aged 20, and Mildred aged 8. They had been to Bowling Green and left here after supper for their home in Helena.

When nearing the crossing they are said to have discovered the freight train but thought it would stop at the water tank close by.

The machine was driven upon the track when it stopped. Just what happened has not been stated, but the explanation is given that Mr. Tyson probably attempted to put on the slow gear in going over the crossing (which is somewhat high) and by mistake put on the brake.

Upon finding the car stopped and the train coming, Mr. Hand leaped out and attempted to back the car off the track by main strength. He was unsuccessful and when, an instant later, the machine was struck by the car, Mr. Hand was hurled over by the T. F. & F. track, a distance of probably forty feet but escaped with some bad bruises.

Mr. Tyson was thrown clear of the car, about twenty feet, but his head was badly bumped by the steering wheel and his knee was injured by the fall.

Mrs. Tyson and daughters were thrown over an embankment into the bottom of a ditch, all being pinioned by the car.

To add to the horror of the situation the gasoline ignited and the automobile was quickly ablaze. Trainmen came to the rescue at once and the five were sent into Fostoria on a T. F. & F. car which came along just then.

Mr. Tyson is suffering from the blow on the head given by the impact with the steering wheel, and his right shoulder, knee and chest all give him much pain.

His daughters were both badly bruised and Miss Mabel's hand was sprained.

E. D. Hand is at the Hayes hotel in Fostoria, and the physicians tell him that his left knee joint is out of place.

Mr. Tyson states that the flames did not reach his wife and daughters when the machine took fire, but that they would have been burned up had they not been extricated quickly.

Regarding the manner in which the accident happened, Mr. Tyson was of the opinion that he reversed the machine too quickly in attempting to back off the track when he found the train so close upon them.

The damage to the machine is estimated by experts to be about \$200. It was hauled to Bradner.

Mrs. Tyson recovered consciousness Tuesday, but is suffering with concussion of the brain and has a bad cut under her chin.

#### TAX-PAYING TIME.

The time for paying taxes closes July 20th. Treasurer Fearnside states that there has been an unusually large number of early tax payers this year which seems to indicate that there is plenty of ready cash in Wood county.

If You Are Worth \$50,000 Don't Read This.

This will not interest you if you are worth fifty thousand dollars, but if you are a man of moderate means and cannot afford to employ a physician when you have an attack of diarrhoea, you will be pleased to know that one or two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy will cure it. This remedy has been in use for many years and is thoroughly reliable. Price 25 cents. For sale by C. P. Champney, Perrysburg.
